6.- Knit 1 row.

7.- Purl 1 row.

8.- *E-wrap peg 1, knit off, e- wrap peg 1 twice,* repeat from * to * with each peg to the end of the row. Using the pick, take the 2 top loops off each peg. When you get to the last peg, before taking the loops off the peg, e-wrap and knit off the second peg of your following row. Otherwise the 2 loops don't have anything to hold them.

Repeat steps 2 thru 8 to desired length.

For a panel, like an scarf end your work with steps 2 thru 7.
